So that is another year over...

The eCadets have done an amazing job working with all children across the College this year. They have continued to build and develop their presence around the College along with addition of the White Cliffs Website Warrior. The team have worked incredibly hard during after school club and have delivered several assemblies with confidence and a good understand of the issues they are discussing. They have managed to complete all their challenges for the year and look forward to next years tasks.

A huge thank you and good luck to our wonderful Senior eCadets, who unfortunately will be leaving us next week to move onto their new journeys at Secondary School. We wish them the best of luck.

Also, a warm welcome to our new Senior eCadet officers Myleene, Jake and Liam, who are very enthusiastic and keen to begin their new roles and the new challenges next academic year. Within Term 1 we shall be holding interviews to recruit new eCadet from years 3, 4 and 5, however there will be more information on that when we begin after the summer.

And just a quick diary date for everyone, next year's Safer Internet Day will be **Tuesday 5th February 2019** .

We hope you all have an amazing summer, see you back in September!

Top Ranking, what an achievement!

A huge congratulations to the wonderful eCadets who have been ranked as eCadet Ambassadors for the end of this year!

We have worked unbelievably hard in the last few sessions to ensure all our challenges are completed and the hard work has definitely paid off.

Well done team!
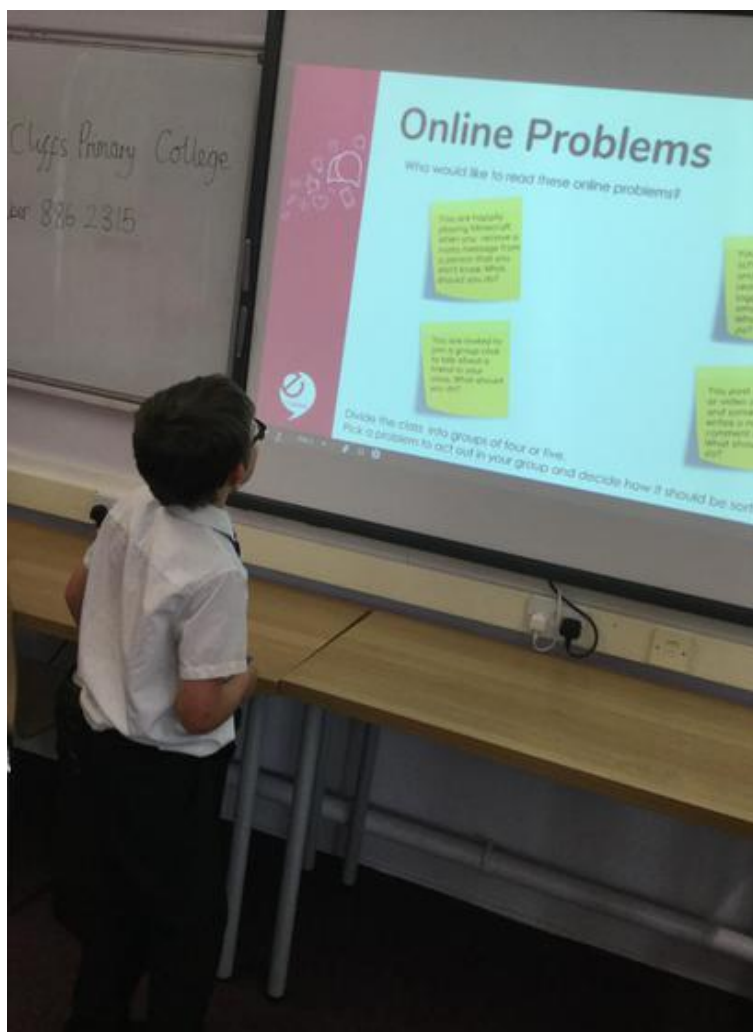

Challenge 3: Digital Images

On Wednesday 13th June, eCadets delivered an informative assembly to Key Stage 2 as part of the Digital Images challenge. We shared with the children different pictures where they had to identify which ones were fake and which were real. We then talked about how some images we see online and on social media do not always give the full picture of what is really going on. For this we used 2 photographs where someone has cropped the image down to a small section.

Once this part of our assembly was complete, we also shared what we have been getting up to in club. We introduced our new College Superhero the White Cliffs Website Warrior to the key stage and explained the competition that we are wanting to run until the end of this term. We asked the children to write their very own online safety adventure story for the Website Warrior.

The assembly went incredibly well, with all eCadets participating and speaking with confidence.

Challenge 2: Solving Problems Online

This week during club, we accepted the challenge of looking at problem solving online. We were given four scenarios that we needed to discuss and had to come up with sensible ways to solve each of the problems.

We worked in pairs and thought of great ideas such as reporting issues to an appropriate adult and raising your worries with an eCadet at school. This task made us really think about what the correct thing to do in these situations is.

Completing this challenge moved our ranking to an **eDCC** which means we are 2 steps away from becoming **eCadet Ambassadors.**

Thursday 7th June 2018

Challenge 1: College Superhero and Assembly Prep

This week we have been preparing for our summer term challenges. We have been discussing our College superhero; what he will look like, his super powers and most importantly his name. The team couldn't decide on a name so we have put it to the teachers to become a little bit creative. The superhero will be revealed to Key Stage 2 children in assembly, along with a special competition that we have decided to run. The competition requires the children to think and write an adventure story for our College superhero. This week we have been preparing our assembly script and the topic for discussion will be digital images.

Thursday 31st May 2018

Safer Internet Day 2018

On Tuesday 6th February, the eCadet team led the College in raising awareness of this years Safer Internet Day. The focus for this year was 'Create, Connect and Share Respect: A better internet starts with you'. The eCadets led an assembly to both Key Stage 1 and Key Stage 2 about how to be safe and sensible when online. We did have a little help from 'Early Man', but we spoke clearly and definitely got our message across.

After this, we split into our year groups and delivered short lessons around how to connect safely with people and friends on the internet. We discussed both sides of the issue with some great ideas and opinions being shared.

In the afternoon, we moved into Key Stage 1 and read them the online safety story of 'Chicken Clicking". This explored the issue of the dangers of arranging to meet up with an online friend and them not being quite who they made out to be. Overall, we delivered the message across the whole College with success and the children were engaged. We enjoyed working with Key Stage 1 and Early Years and look forward to the remaining challenges that we need to complete.

Meet the Team

Year 3 eCadets: Byron, Jake and Shannon

Year 4 eCadets: Maddie, Cameron and Callum

Year 5 eCadets: Jake, Liam and Myleen

Year 6 Senior eCadets: Zack and Kady

The interview process is complete, we would like to introduce you to this year's amazing ecadet team...

So, a new year begins...

This year our brilliant Y5 eCadets will step up to their new role as Seniors. They will lead their team along with new Y3 cadets and a new member of the team for each of the year groups, building our new team to 10 eCadets across Key Stage 2.
Senior eCadets Kaydee and Zack will be holding interviews for new members at the end of Term 1, ready to begin our Autumn Term challenges and promotion of online safety in Term 2. We will update our page with minutes, meeting write ups, videos and photographs of our challenges.
We are ready to make a difference.
